## **Progress report I Executive Summary**

### **Summary**

In this progress, we have developed three main features which are Registration system, QR generator and reader, and Attendance checking system. We approximate an overall project status around 30%. Mostly, the project overall status is not on the schedule because we spend lots of time to gathering the real requirement on real study venues. Spent time about 2-3 weeks.

### **Project Overall Status:**

<b>Milestone Deliverables</b>	<b>Due Date</b>	<b>% Complete</b>	<b>Deliverable Status</b>
Project Plan	28/8/2015	80%	On schedule
Software Requirement Specification	28/8/2015	60%	On schedule
Software Design Document	28/8/2015	40%	Not on schedule
Test Plan	28/8/2015	20%	Not on schedule
Test Record	28/8/2015	0%	Not on schedule
Traceability Record	28/8/2015	40%	Not on schedule

### **Comment**

For project plan, software requirement specification, Test plan, Test record, Traceability Record and source code of this progress can be updated, if it has an updated and changed.

### **Plan to do**

We will follow the project schedule on Progress II and re manage the task.
